

Dynamic Map Platform

Target: Dynamic Map Platform Co., Ltd.
Business Outline: High precision 3D map data management for autonomous driving
Total Investment: 3.7 billion JPY (of which INCJ will invest a maximum of 1.34 billion JPY)
Date of Announcement: June 13, 2017

*Isuzu Motors, Suzuki, SUBARU, Daihatsu, Toyota Motor, Nissan Motor, Hino Motor, Honda Motor, Mazda, Mitsubishi Motors

- Management of cooperative area data, acting as the foundation for high precision 3D maps, necessary for autonomous driving
- Combine high precision 3D map with devices such as cameras, sensors and GPS to achieve advanced control for autonomous driving
- Contribute to solving social issues such as reducing traffic accidents, supporting mobility for people with transportation limitations, alleviating congestion to reduce the environmental burden with the realization of autonomous driving
