- Provision of solar power business know-how

Solar Holding S.r.l.

- Solar Holding S.r.l. has developed its photovoltaic power generation business in Italy since the early stages of the Italian market
- Business scale totals 19 projects and 42MWp in Northern, Central, and Southern Italy
- Business scale expansion of additional 100-150MWp is proposed for the future

By acquiring a business platform in Italy—a leading nation in solar power—we will gain operational know-how which leverages practical experience
